All Juvenile Violations Increasing

10 Arrested Last Night, Police to Continue 'Tough'

Law violations by juveniles during Easter Week in Palm Springs are climbing rapidly as thousands of vacationing high school and college students continue to pour into the Village.

Arrests last night doubled those made during the previous four days, with a total of 10 recorded. In addition, there were 25 inter-rations, and 12 traffic violations.

LOCAL POLICE officers called the parents of six juveniles and had them picked up at the local station and returned to their homes.

Three of the arrests made were for violation of the Alcoholic Beverage Control Act, possession of alcohol, and one boy a 17-year-old Pasadena resident, was booked on charges of being drunk.

HUNDREDS OF calls are logged into the police department daily, reporting malicious mischief, disturbing the peace, and juveniles sleeping in parked cars. One hotel owner reported that someone had taken a new tire off a guest's automobile and had thrown it into the swimming pool, and another person reported that juveniles had poured ink into her swimming pool.

At about 10 o'clock last night, a report that juveniles were "wrecking the Swiss Chalet" was received by police who rushed to the scene to see two teenagers running away. The screen in the front door had been torn out. The juveniles, climbing fences, cutting corners, and hiding near buildings evaded capture.

TOTAL FIGURES concerning juveniles during the first five days of Easter Week now include more than 75 interrogations, two teenage drunk arrests, eight arrests for theft, five arrests for possession of alcoholic beverages, and 23 traffic violations (these do not include overtime parking).

Chief of Police August G. Kettmann is continuing his orders of arrests of juveniles, and said that they will be sent home or to juvenile hall for any violations.

Local Students Start Vacation

Students from Palm Springs Unified School District will join thousands of teenagers visiting the city on an Easter holiday tomorrow.

Schools will close today, giving youngsters a two-day Easter recess, School Supt. Wallace Mueller announced today.

ACCIDENT VICTIM Karl George Sudaha, 81, of 107 Marshall Way, is comforted by passers-by after he was seriously injured in a two-car crash at Sunny Dunes Road and South Palm Canyon Drive this morning. Sudaha, father of the late Palm House owner, Vic Sudaha, went to Desert Hospital with multiple fractures of the right shoulder, chest injuries, brush burns and contusions. The driver of the second car, Blanche C. Duarte, of King City, was uninjured. (Sun Photo).

Police Campaign To Have Hub Caps Marked

In a move to combat Village auto hub cap thefts, Palm Springs police today urged motorists to have identification marks stamped on their auto accessories.

Police today published a list of 11 Village service stations which have equipment necessary for stamping license numbers and identification marks on hub caps and accessories.

OFFICERS REPORTED that the practice of affixing identification marks to such items has proven its worth in recovery of stolen and lost property.

Stations having equipment for identification stamping were listed as:

Fred Hillstrand Texaco Station, 395 North Palm Canyon Drive; Steves Richfield, 610 North Palm Canyon; North End Shell, 900 North Palm Canyon; Henrys Mobile Service, 1708 North P A L M Canyon.

HAROLD'S UNION Service, 301 North Palm Canyon; Martys Richfield Service, 495 South Palm Canyon; Bills' Texaco Service, 670 South Palm Canyon; Stacks Mobile Service, 1708 North Palm Canyon.

Floyd Bigley's South Union Station, 1100 South Palm Canyon; Hinkle and Johnson Flying "A" Service, 305 North Indian Avenue; and Joe Bertas Richfield Service, 209 South Indian.

350 Palm Trees Destroyed By Fire at Willis Pains

A runaway campfire was today listed as the probable cause of a midnight blaze that swept through palm tree groves at Willis Pains yesterday, causing \$35,000 damage.

State forestry officials said the fire, fed by rotting palm branches and whipped by desert winds, raced "like wildfire" through seven and a half acres, destroying 350 palm trees.

ASSISTANT FORESTRY Ranger Karl Jaeger, of the Indian forestry unit, said the blaze was probably caused by an unattended campfire. The persons responsible were unknown.

However, it was noted that a large group of teenagers had a party in the grove shortly before the fire broke out a few minutes after 12 midnight yesterday.

THE PROPERTY, located four miles east of Thousand Palms, is owned by W. R. Hillery and

Police Investigate Home Burglary Of Cash, Jewelry

Police today are investigating the burglary of a Palm Springs home reported just after midnight last night.

Miss Barbara Ferrin and Mary Cook, 536 Calle Abonia, returned home at 12:45 last night to find their home ransacked and clothing and jewelry missing. Apparently surprising the intruder, Miss Ferrin arrived home first to find the whole house torn apart. Aside from the jewelry and clothing, two suit cases and \$160 in \$5, \$10, \$20 dollar bills was missing.

An inventory of the missing items was not completed this morning. Entry had been made by removing the molding of the screen door of the kitchen, breaking a window and opening the latch.

ALL BANKS, CITY OFFICES TO CLOSE AT NOON FRIDAY

Palm Springs banking institutions will close their doors at noon Friday in observance of good Friday.

The pre-Easter holiday will also be marked by city offices, which will close from noon to 3 p.m. in order to give employees the opportunity to attend church services.

The noon bank closing includes savings and loan institutions.

THE WEATHER

Desert area forecast: Variable cloudiness but mostly sunny today and Thursday. Gusty winds reaching 20-40 miles an hour at times today and Thursday. Little temperature change. Highs today 64-74 upper valleys, 76-84 lower valleys. Yesterday's high was 84, low, 48.

Cites Two Ways Help Is Possible

Says U. S. Has Not Given Up Hope on Suez

WASHINGTON (AP) — President Eisenhower said today the United States could go to Jordan's assistance if it becomes a victim of aggression.

The President also told his news conference the U. S. may have to go before the United Nations Security Council to report on the stalled Suez Canal negotiations. But he added that this government has not given up hope that an agreement with Egypt can be reached.

EISENHOWER SAID the U. S. has two ways of helping Jordan if it is attacked.

First, he said, a Big Three agreement of May, 1956, provides for action in event any Middle East nation is the victim of aggression and this could apply in an Israeli-Arab dispute.

Second, the Middle East doctrine resolution approved by Congress, he said, permits the U. S. to go to the aid of any nation attacked by Communist aggression.

THE U. S., he said would be guided by either of these two pronouncements. The President, however, did not voice any concern that aggression is imminent.

On Suez, the President said the U. S. has insisted in its negotiations with Egypt that the canal be operated in line with the six principles approved by the Security Council last October.

These included provision for agreement on tolls, suspension of the canal's operation "from the politics of any country," and opening of the waterway to ships of all nations.

British Plane Crashes, 36 Believed Killed

NICOSIA, Cyprus (AP) — A British Royal Air Force transport plane crashed at Aqaba, Jordan, today while taking off with troops who were evacuating that former British base, RAF headquarters here announced.

There were no survivors among the servicemen aboard, the announcement said. The plane exploded and burned within minutes, according to the first reports.

The number aboard the plane and its destination were not immediately known here. The transport was a Valetta, a twin-engine British plane that resembles the American DC3. It normally carries 36 servicemen.

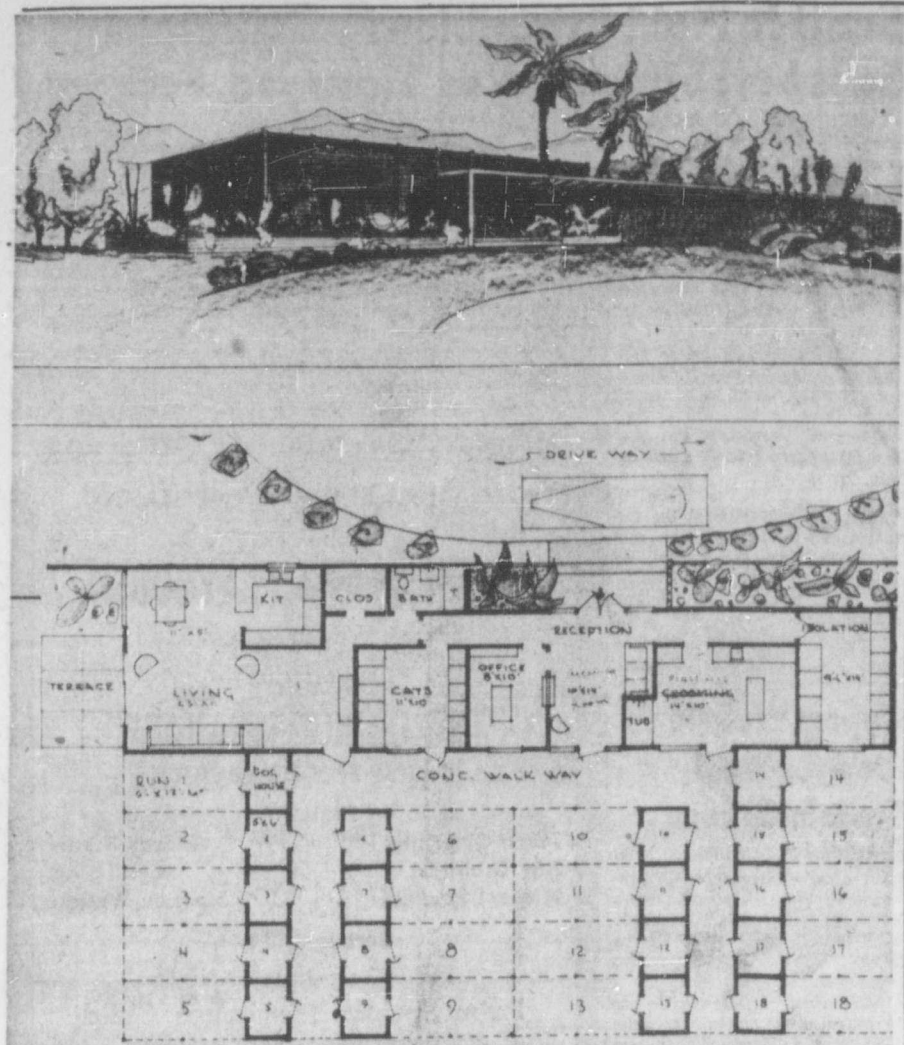

Late News Bulletins

LONDON UP — The United States today accepted Russia's proposal for a partial "open skies" disarmament plan in Europe provided Moscow agrees to widen the inspection area.

WASHINGTON UP — The United States decided suddenly today against placing the Suez Canal program before the United Nations Security Council at this time.

MIDDLE EAST UP — Israel accused Egypt today of instigating new Arab guerrilla attacks from Jordan, Syria and Lebanon to keep the uneasy situation stirred up in Jordan, where King Hussein has won a precarious political victory.

WASHINGTON UP — The Senate Eackets Committee, challenging the AFL-CIO to put up or shut up on its house-cleaning pledge, called for testimony today from four union officials convicted in a bombing case, but still holding office.

BUILDING AND FLOOR plans for a new Palm Springs Animal Shelter have been prepared by Architect Charles W. Doty for the Animal Protective League which is currently conducting a fund raising campaign to construct modern facilities. Approximately \$4,000 of the \$10,000 goal has been raised to date. Contributions may be sent to Animal Protective League, 618 Mesquite Avenue, Palm Springs.

New Animal Shelter Plans Set by League

Construction plans for a new Palm Springs animal shelter were today outlined by Homer Hilton, president of the Animal Protective League.

Hilton said the new building, which features cooling, heating and separated pens, was hope-fully earmarked for a new location, although the site will be utilized for the new building but that a new location was considered preferable.

Hilton said the new building will be of cement block construction. Pens will be of glass block and floors will have radiant heat piping. The entire building is to be air conditioned and heated. Living quarters, adequately equipped and furnished, will be erected for the manager and his family. The quarters will be at the end of the main building.

PLANS INCLUDE a sanitary storage room for feed and an adjacent room equipped with a refrigerator unit and hot plate for heating food for puppies and sick animals.

Adequate plumbing, a cess-pool and proper drainage will be installed.

In the event the present site is used, the new building will be placed just back from the front lawn. Runs will extend back through a gap cut through the tamarisk trees, Hilton said.

Four Killed, Five Injured in Blast

CHARLESTON, W. Va. (AP) — An explosion at a Monsanto Chemical Co. plant near here leveled a three-story building Tuesday killing four workmen, injuring five others and unleashing chlorine fumes which forced 1,500 persons to leave their homes.

'Edgar Has Criticized Me Since I was 5'---Ike

WASHINGTON (AP) — President Eisenhower today turned aside criticism of his policies by his brother, Edgar, with this smiling comment:

"Edgar has been criticizing me since I was five years old."

That was all the President had to say on the subject of his brother.

THE PRESIDENT, at his weekly news conference, seemed completely unperturbed by brother Edgar's criticism of the chief executives record peacetime budget.

Edgar, a Tacoma, Wash., lawyer, voiced the criticism Tuesday night in an interview with newsmen.

Decision of Museum Building To Be Made in Two Weeks

Business and professional men and owners of the desert's hotels and apartments will determine by their response in the next two weeks to the Desert Museum's building fund campaign whether the \$200,000 Museum, headquarters can be constructed later this year or be delayed for at least 12 months.

This disclosure was made today by Earl Coffman and Ernest Alschuler, co-chairmen of the Museum's building campaign as they revealed that contributions to date are close to \$120,000. Goal of the drive is \$200,000.

SOLICITATION IN the commercial division is beginning this week, having been delayed at the request of businesses and hotels until the peak of the spring season was past. Earl Hough and William H. Smith are co-chairman of the Business Division, and Barry Paisley and Stanley Rosin are heading up the Hotel-Apartment section.

"We have ascertained that if the building fund can reach \$150,000, construction can be started on the new Museum at once, and the remainder of the needed funds raised later," the co-chairman said.

"HOME OWNERS have supported the appeal generously, and we are confident that the business interests of the community will

Realtors to Name New Officers Thursday Night

Election of officers for the Palm Springs Real Estate Board was today set for 7:30 p.m., April 18, the last meeting of the board's fiscal year.

Balloting for officers and directors and adoption of new amendments to the by-laws will take place at the American Legion Hall. The board also plans discussion of a Palm Springs fleet entry in the 1958 Tournament of Roses parade.

Tax Relief May Come From State As Senate Approves 3 Measures

SACRAMENTO — Hopes of Californians for some sort of tax relief this year appeared today to rest with the Legislature and not with Congress.

President Eisenhower already has made it clear that this is not the time to cut federal taxes—and Congress appears willing to go along with the President's wish.

BUT THE state Senate, mighty reluctant in recent years to approve any sort of tax cut, passed Tuesday by an overwhelming vote three measures by Sen. Robert I. McCarthy (D-San Francisco) designed to reduce state income taxes.

To be sure, the three bills approved by the Senate would pare only six and a half million dollars off the total bite of 146 million dollars that the state now collects on personal income taxes.

BUT PASSAGE of the McCarthy bills in the upper house was concrete evidence that many state legislators, at least, felt that it was time to make at least a token start toward reducing the tax burden.

McCarthy predicted his three bills would win approval of the Assembly and wind up on the desk of Gov. Goodwin J. Knight.

"I EXPECT THESE bills to pass in the lower house and go to the governor's desk," McCarthy said. "We got over the biggest hurdle when the Senate Revenue and Taxation Committee approved them and we got a real solid vote on the floor of the Senate."

The first measure would increase the exemption for dependents from \$400 to \$600 and would cost the state and save the taxpayers about five million dollars a year. It was approved on a 35-0 roll call vote.

HIS SECOND measure, which would apply the federal capital gains deduction to state income tax returns, won a 30-3 vote. McCarthy said he did not believe this bill would result in any gain or loss in revenue.

The third measure passed the Senate, 36-0. He would allow state income taxpayers to deduct any medical expenses in excess of 3 per cent of their adjusted gross income instead of the 5 per cent deduction allowed under present law.

France Uses Army to Fight Train Strike

PARIS — France Mobilized its army today to fight a 48-hour transportation strike that stopped nearly every wheel in France at midnight.

Olive drab two-and-one-half ton trucks were sent to bus and subway stops to carry workers to the jobs this morning after Paris bus-line and metro subway employees decided to join the strike.

The stoppage involved 365,000 railroad men, 20,000 barge workers and 8,000 Air France ground crewmen.

A few subway trains continued to run early today, but under an "indirect strike" arrangement. Passengers rode free.

Car pools sprang up and insurance companies announced they would extend coverage to policy holders for car-pool passengers during the strike.

The French government controls wages in France's nationalized transportation industry. A last minute government move boosted railroad wages Tuesday night by one and one-half per cent retroactive to Jan. 1, but the boost failed to halt the strike.

The four big train unions—Communist, Catholic, Socialist and independent—want much more.

Land Annexation Court Decision May Be Appealed

In a clarification of the status of the land annexation case of the City of Palm Springs vs. Louis Averna and Harlan Ellmaker, City Attorney Jerry Bunker said today that it was now up to the plaintiffs to file an opening brief before the District Court of Appeals.

The city has won on three separate demurrer hearings before the Superior Court, with Judge Hilton McCabe handing down the decision that there were no set facts stated by the plaintiffs outlining a case for action.

Early this year the plaintiffs, Averna and Ellmaker, filed a notice of appeal with the Superior Court, and the court clerk has prepared the transcript of the case for the Fourth District Court of Appeals.

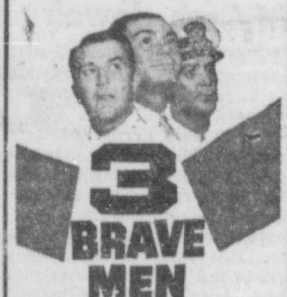

The complainants are attacking the annexation of 15½ square miles of land by the City of Palm Springs in 1955.

The Galveston storm and tidal wave of 1900, which took 6,000 lives, still remains this country's severest weather disaster in the 20th century.

Scott to Fight Extradition to California, Says Left State as Was 'Hounded, Followed'

DETROIT — Leonard Ewing Scott said today he would fight extradition to California where he is wanted on charges of slaying his wife and absconding with her \$600,000 fortune.

Scott, 60, was held without bond at the Wayne County jail pending a May 7 hearing when authorities will decide whether he will be returned to Los Angeles.

At his arraignment before U.S. District Judge Thomas P. Thornton, Tuesday, Scott stood mute. California authorities will present the murder warrant at the May hearing, charging Scott killed his wife, Evelyn, 63.

SCOTT, PICKED up at the Canadian border Monday night, said he would fight extradition. He said he left California because "I was being hounded and followed everywhere."

"I was pretried and prejudged by the California papers," he said.

Cyprus Pledges Fight To Join Greece

ATHENS, — Archbishop Makarios returned from his British-imposed exile to a conquerors welcome today and told thousands of cheering Greeks that Cyprus would "fight" for union with Greece.

"We do not want trusteeship nor to be ruled by others," he said. "We want self-determination and will fight for it."

"They distorted the true facts in the case. My innocence will be established at the proper time." Police questioned Scott after his wife's disappearance, May 8, 1955. He said his wife had been ill and he knew nothing of her whereabouts.

BUT MRS. SCOTT'S brother, E. Raymond Throsby, asked for a court accounting of her \$600,000 estate. Scott jumped \$25,000 bond and fled after a Grand Jury indicted him for mishandling his wife's estate. He was later indicted for her murder.

During the past year he was reported seen in several cities in the United States and Canada. Monday, a Canadian customs officer at the Detroit-Windsor Tunnel detained Scott when he noticed his appearance matched a federal wanted circular. Scott was traveling under the name of Lewis E. Stewart, an alias he had been known to use.

No trace of Mrs. Scott has been found. But California authorities, searching her \$250,000 home found her dentures, clothing and glasses in an incinerator.

Freeholder Vote Ordinance Adopted, Berkey Switches

The board of supervisors voted four to one this week for adoption of an ordinance calling for the election of a Board of Freeholders June 11, the date already set for an election on the proposed county building bond issue. The one vote against adoption of the ordinance was cast by Supervisor Paul Anderson.

SUPERVISOR GEORGE BERKEY who last week joined Supervisor Anderson in voting against preparation of the ordinance, made no explanation of his change of vote, but did remark facetiously that he hoped all 15 freeholders will come from his district.

"You'll be lucky if you get three!" commented Supervisor Fred McCall.

McCall asked County Counsel Ray T. Sullivan, Jr., if it would be remotely possible to provide that the three candidates receiving the highest number of votes in each district be elected, rather than the 15 getting the most votes regardless of what area they may come from.

"THERE IS NO such provision in the law," replied Sullivan, "but you can hope it will come out that way."

The 15 people elected to the Board of Freeholders will be allowed one year to prepare a county charter which will presumably be placed before the people for a vote at the June 1958 primary election. The county is now operating under the state's general law.

CV High School Bond Bids High, But Accepted

Only two bids were submitted this week to the board of supervisors on the \$1,400,000 Coachella Valley Union High School District bonds, and both were high, reflecting the up trend of interest rates.

Lowest of the two bids was that of Bank of America. It was accepted after D. Gail Brumwell, high school administrator, said he was disappointed but need of the funds outweighs their cost. The average interest rate is 4.01 per cent, ranging from 4 per cent to 5 per cent between the years of 1958 and 1962.

Two Home Sales Reported Here By John Becker

Two home transactions in the Village were reported today by John Becker of the Peter B. Shepton Real Estate office.

Mr. and Mrs. L. E. Cable of Portland, Ore., have purchased the Lipsey home on Fiesta Road, and Dr. and Mrs. Louis Perlmutter have bought the Kern residence on Sagebrush.

Mr. Cable is in the lumber business in Portland, and they plan to make the Village their winter home. Dr. Perlmutter is a well known Beverly Hills physician, and they have made other investments here too.

Villagers Urged To Join Moose

Palm Springs men were today urged to take advantage of the opportunity to be one of 100 charter members for the proposed village lodge of the Loyal Order of Moose.

Membership director Larry Brandyberry reported an "overwhelming response" to the local drive for charter membership. Latest new member to sign his name to the Moose charter is Trailer King Al Rose, Brandyberry said. Many other villagers, already Moose members in lodges throughout the world, have already placed their signatures on the lodge charter.

County Supervisors Create Office of Controller, Then Give Title to President Auditor With Increased Salary

The board of supervisors voted unanimously this week to create the position of county controller and to make the auditor controller as well, effective July 1.

Although the salary of the auditor controller was not voted upon, it appears to be certain that by a vote of three to two the salary will be set at \$9,600 in the effective July 1. Supervisors William Jones and Fred McCall are 1957-58 budget which becomes effective to vote against it.

THE STATE legislature is now considering a recommendation by the Grand Jury and the board of supervisors that the county auditor's present salary be raised from \$7,800 to \$9,600. However, though it is expected to be approved, it cannot, under the law, become effective until the present elective term of office of the auditor has expired, or until the beginning of a new term in 1959.

The supervisors will add \$150 per month to the auditor's present salary when he commences his additional duties as controller July 1, to be in effect for the duration of his present term. This will raise his salary to \$9,600. It is understood that with legislative approval of his salary as auditor to be \$9,600, the \$150 per month for additional duties as controller will cease.

THERE WAS considerable disagreement this week when Supervisor Jones objected to the \$150 increase for additional responsibility. He argued that a man can put in only so many hours per day on a job, and that additional responsibility does not necessitate longer working hours, therefore it should not call for higher compensation.

The other supervisors, except McCall, said that if salaries were based only on the hours worked everyone would get the same salary. They said that the ability to take on additional responsibility should be rewarded with a higher salary.

ADMINISTRATIVE OFFICER

Clay Begole said supervisors in other counties have felt that the additional responsibility of controller when taken on by the auditor warrants additional compensation. He pointed out that the last Grand Jury audit cost \$12,500 and said that with an auditor-controller the audit might be cut in half. "If the job is handled well," he said "there are possibilities of great savings."

As controller, the auditor will exercise a general supervision over accounting forms and systems of all offices, departments, and institutions under control of the board of supervisors and all districts whose funds are kept in the county treasury.

First Bridge Scores Told

High point scores in the Palm Springs Bridge Club's first national rating point duplicate tournament were this week tallied by Mrs. Genevieve McManus and Mrs. Florence Mitchell.

Mrs. McManus, of Palm Springs, and Mrs. Mitchell, of Desert Braemar, captured 68½ match points.

Runners up were Mrs. Faye Dale and Mrs. Ruth Parker, of Rancho Trailer Park, 63½ points, and Mr. and Mrs. S. V. Freeman, of Desert Braemar, 60 match points.

Fourth place honors went to Mr. and Mrs. Willis Bennie.

Area Assistant Public Defender To Get Raise

The county board of supervisors agreed this week that the salary of Thomas T. Anderson, assistant public defender, should be increased from the \$225 per month he now receives to the proper step in a \$366 to \$444 per month salary range when the new salary schedule goes into effect the first of July.

Anderson said the original increase from \$225 per month to \$273 per month originally proposed by the personnel director would not be sufficient or commensurate with his work load.

Anderson is in charge of the area east of Banning and attends court sessions in Palm Springs, Indio, Thermal, Coachella, Mecca and Blythe.

Newspaper Ads Rated Top Media For Home Sales

Newspaper advertising was today rated as the most effective media for bringing potential home buyers to new housing sites.

In the April issue of "American Builder" magazine, test results revealed that the power to attract potential home buyers was "10-to-one in favor of newspapers."

The figure was cited by Ralph E. Bruno, of Harmony Homes, Inc., of Albany, N.Y., following a survey of radio, television and newspaper advertising. Bruno favored newspaper classified and display advertising for sheer pulling power.

The case of newspaper advertising was also upheld by a majority of home builders polled. The article stated that most builders agreed that "what is read in newspapers registers more than what is heard on radio or fleetingly seen on a TV screen or read on a billboard."

City Prepares Brief on Work Law Appeal

After filing a notice of appeal with the Superior Court, the City of Palm Springs is now preparing its brief on the appeal of Judge Hilton McCabe's decision on the Right-to-Work ordinance.

City Attorney Jerry Bunker has 45 days in which to file a brief with the Fourth District Court of Appeals, and a transcript of the proceedings in the Superior Court has been made and filed with the District Court.

Two actions were filed in the original complaints by the Culinary and Bartenders Union Local 535 and the International Brotherhood of Electrical Workers, Local 440. The suit filed by the Culinary and Bartenders Union was continued pending the filing of an amended complaint, because the local had filed its case prior to the effective date of the ordinance.

Judge McCabe ruled on the IBEW case, the second action filed, and now City Attorney Jerry Bunker has filed for an appeal of that decision. The other matter has been held in abeyance until a decision is reached in the appealed case, because the first action is controlled by the result of the second action.

New Blythe Accident Claim Of \$250,000 Is Rejected

Another sizeable damage claim was filed by Blythe residents this week and rejected by the county board of supervisors. This one was, in the amount of \$250,000, filed by Joseph Seymour, Riverside attorney, in behalf of Draper Chapman, 160 South Second St., Blythe.

Two weeks ago a claim was filed in behalf of Mr. and Mrs. James A. Lunnen of 3131 South Springs St., Blythe, in the amount of \$371,500.

The Chapman claim is against the Palo Verde Irrigation District, a political subdivision of the county, and the County of Riverside. It charges mental suffering, injury to health and the loss by death of his wife, as the result of an accident in the vicinity of Blythe at Lovekin Ave., and Avenue 28 on Jan. 28, 1957.

The claim states that "damages suffered were caused by gross negligence and willful and unlawful and illegal misconduct" of the irrigation district. The interest-

TODAY'S SPORTS PARADE

By OSCAR FRALEY
United Press Sports Writer
Reg. U. S. Pat. Off.

NEW YORK (AP) — Just from watching them, you couldn't have told which was Casey Stengel and which was Chuck Dressen.

This was before the opening game of the season at Yankee Stadium and Stengel, the man who admits he should make it eight pennants in nine years, was easy and gruff. Dressen, a man you might figure to be irritable, was bright and affable.

It marked the difference between a man with some place to go and one who knows his club isn't expected to go anywhere but the bottom of the barrel.

"It ain't how you start," Stengel barked as he contemplated the 37th opening game of his career. "It's how you stand on the last day of the season."

SOMEBODY ASKED him whether any of all the opening games he has seen since 1910 stood out in his mind.

"I can't answer that," he growled. "After a while they all get jumbled together. But I do know the best season I ever had. That was the one at Brooklyn when they paid me not to manage. That was one of the better years because I made a lot of money outside baseball and got paid, too."

Meanwhile, Dressen, whose heroes as expected opened the season a day early with a loss, relaxed in a large circle of hecklers.

"THE OPENING of the season is always a kick," he was saying. "But the best was two years ago when I met the President."

Dressen toed the turf and grinned.

"That's the day I told President Eisenhower how to cure his buritis. We're getting ready for the ceremonies and he says to me 'I don't think I can throw the ball over the photographers' heads, my buritis is so bad.' So I tell him about this 'here machine' I know about and I write it down for him. The upshot is they send him one of those machines—and I got one for free, too."

Alsbury Leads In Economy Run

WINNEMUCCA, Nev., April 16 — Chrysler products and Mel Alsbury, Jr., last year's winner, led the pack today in the third leg of the Mobilgas economy run as the race began to tell on the ladies in the unofficial competition to determine whether men or women are the better drivers.

The No. 3 automobile manufacturer of the "Big Three" of the American motor car industry held first place in every one of the four categories—low price, low medium, upper-medium and high price—and had latched onto the one-two-three spots in the sweepstakes division at the halfway point of the 1,568 mile road test from Los Angeles to San Valley, Idaho.

Alsbury appeared a cinch to repeat in the 1957 version of the Crown Imperial he drove last year to victory in the grueling test of American motor car gasoline economy and performance.

Fish, Game Board Probe Authorized

SACRAMENTO (AP)—The Assembly Fish and Game Committee has passed a resolution calling for a full-scale investigation of State Department of Fish and Game research practices.

The lower house group gave clearance to the study, to be carried out by an interim committee, after Assemblyman Vincent Thomas (D-San Pedro) called department research practices a "jumbled statement of inconsistent facts."

Desert Softball League Gets Under Way Month Earlier

First Game of '57 Season Set for May 6

League Limited to Six Clubs Because of Added Activity

Desert Softball League will start its 16th annual season one month earlier than in the past, Howard Haddock, City Recreation Department superintendent, said today. The league is under the direction of the department.

Paly will officially get under way on May 6 at the Polo Grounds and the schedule will carry through May, June and July.

ANNUAL CUE SERIES will be staged in August with play-offs to determine the finalists starting August 1.

Haddock said the league will be limited to six clubs this year due to the large amount of play scheduled for the Polo Grounds this summer.

Practice sessions for all teams will continue throughout the rest of April from 7 to 10 p.m. Mondays through Fridays.

HADDOCK SAID there was still room on some of the teams and any who would like to join in the league activities is urged to call him at the City Hall, 2202.

Little League, Pony League, Minor League and Colt League also use the Polo Grounds for summer play.

There is an urgent need for umpires for all of these leagues and any interested in umpiring is also urged to contact Haddock at the City Hall. He said umpires will be paid regular fees for officiating at the games.

Oldsters Must Pay

SACRAMENTO (AP)—The Assembly Fish and Game Committee Tuesday night gave the go-ahead to a bill to give persons over 65 years of age free fishing licenses. The vote was 8-1.

BRUIN GOLFERS WIN

LOS ANGELES (AP)—UCLA's golf team scored its sixth win in seven starts this season Tuesday by defeating Fresno State College, 39-15, in a match at the Rancho municipal course.

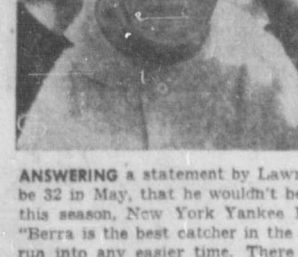

Local Yokel Play Later This Year

Annual Local Yokel golf tournament, which practically closes the year at O'Donnell Golf Club, will be held towards the end of May this year, Larry Sitter, manager of the club, said today.

Some convention tournaments are on the slate toward the end of this month and the early part of May and when they are concluded, the Local Yokel tournament, which features local golfers and decides the city championship, will provide the climax for a highly successful season at O'Donnell.

Jack Tooke of Tamarisk and Bruce Kopylov are the defending champions. Tooke took low gross honors last year with 136 for the 36 hole play. Kopylov carded a 124 low net for tops in that division.

I'm out to win another pennant and Yogi isn't going to run into any easier time. There will be no letup. We pay him enough." Yogi has caught 140 or more games in every season except 1953 (137) since 1947.

Mounties and Seals Floated To PCL Lead

By DON THACKREY

United Press Sports Writer

One raindrop does not make a downpour, etc., but a crowd of them got together Tuesday night and floated the unlikely Vancouver Mounties and the unaccounted San Francisco Seals to the top of the Pacific Coast League.

The two clubs sported 4-1 records after the year's first series and when the rains started falling in Northern California Tuesday they moved into the loop's top spot while sitting on their hotel lobby chairs.

The assist (aside from the one credited to the weatherman) went to the Los Angeles Angels, who knocked the Hollywood Stars off the pinnacle with a 5-3 win.

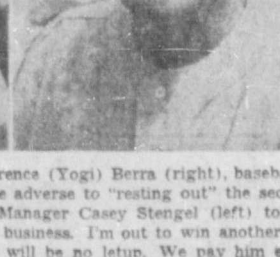

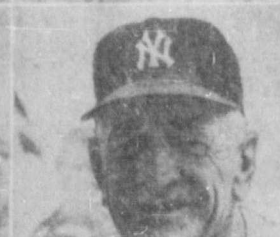

San Diego last-gasped Portland 3-2 to drop the Beavers into the cellar after Seattle at San Francisco and Vancouver at Sacramento were washed out.

Hollywood's loss dropped the Stars out of first place but left them no games behind the default leaders. Both San Francisco and Vancouver were 4-1 while the Stars had 5-2.

Los Angeles scored early and often enough to take care of their cross-town rivals in the first meeting of the year between the two.

A crowd of 7,077 turned out—some of them no doubt for a Dick Stuart-Steve Bilko home run duel, but the two sluggers failed to come up with any extra-base blows.

The Philadelphia Phillies enjoyed their greatest opener in history, 37,667 fans witnessing their night game with the Dodgers. Police estimated another 5,000 persons were turned away.

ANSWERING a statement by Lawrence (Yogi) Berra (right), baseball's highest paid catcher who will be 32 in May, that he wouldn't be adverse to "resting out" the second game of some doubleheaders this season, New York Yankee Manager Casey Stengel (left) told a newsmen in Lakeland, Fla., "Berra is the best catcher in the business. Yogi has caught 140 or more games in every season except 1953 (137) since 1947.

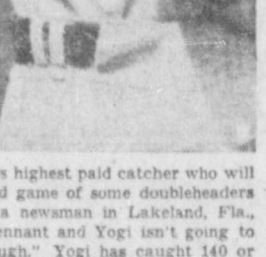

IT TOOK TWO Palm Springs Elks to bring in this fish when members of BPOE went fishing off San Diego. Peter Sheptenko hooked this big yellowtail but it wore him out and Harold Smith landed him after a 30 minute battle. All members of the group brought home plenty of fish.

Slym Gym Class Still Has Room

There is still room for more members of the Slym Gym classes sponsored by the City Recreation Department and held at the former City Council Chambers in the old City Hall every Tuesday night from 7:30 to 8:30.

"These classes are open to all women between 18 and 80," said Howard.

Betty Royer is the instructor.

ANSWERING a statement by Lawrence (Yogi) Berra (right), baseball's highest paid catcher who will be 32 in May, that he wouldn't be adverse to "resting out" the second game of some doubleheaders this season, New York Yankee Manager Casey Stengel (left) told a newsmen in Lakeland, Fla., "Berra is the best catcher in the business. Old Pros Hit Stride Early in Flag Chase

Musial and Spahn Pick Up Where They Left Off Last Year

By TIM MORIARTY

United Press Sports Writer

Stan Musial and Warren Spahn—two baseball gaffers—acted like old fire horses when they heard the bell sound for the opening of the 1957 campaign.

Musial, now 36 years old and in his 17th season with the St. Louis Cardinals, collected four hits in four official at-bats in pacing the Redbirds to a 13-4 victory over the Cincinnati Redlegs.

Spahn, who celebrates his 36th birthday Saturday and pitched his first major league game with the old Boston Braves back in 1942, got Milwaukee off flying by hurling a four-hit, 4-1 triumph over the Chicago Cubs.

A crowd of 7,077 turned out—nati watched the Redlegs absorb their worst opening day defeat in 46 years. And Musial emerged as the biggest culprit, whacking out two singles and two doubles as the Cardinals bombarded four Cincinnati pitchers for 17 hits.

Spahn struck out five and issued only one walk in picking up right where he left off last year, when he was the Braves' leading pitcher with 20 victories. However, he wasn't the whole show at Chicago. The Braves scored all their runs off Bob Rush in the sixth inning, with Johnny Logan's homer and Ed Mathews' triple the key blows.

IN OTHER National League openers, Gino Cimoli's 12th inning homer gave the Dodgers a 7-6 victory over the Phillies and the Pirates trounced the Giants, 9-2. The Yankees opened defense of their American League pennant by edging the Senators, 2-1, while the Red Sox turned back the Orioles, 4-2. The Athletics downed the Tigers, 2-1, and the White Sox clipped the Indians, 3-2, on an 11th inning single by Larry Doby.

Robin Roberts, who set a major league record last year by serving up 46 home run balls, opened the new season with three "gopher" pitches. In addition to Cimoli's winning blast, Roberts disappointed a record Phillies' opening turnout of 37,667 by giving up homers to Don Zimmer and Gil Hodges.

Indians Lose in Swim Meet

By ANDY BARKER

Palm Springs High School swimming team apparently can beat anything in the Citrus Belt League except Riverside High.

They lost their first meet of the season to Riverside and lost their last dual meet to Riverside. In between, they won all of their meets.

Tuesday in the local pool, the Indians were defeated in the Varsity and Cee class but won the Bee division.

THE VARSITY SCORE was 57-29 for Riverside, the Bee count, was 45-40 for Palm Springs and the Cee tally, 35-27, Riverside. Overall score was Riverside 142, Palm Springs, 91.

But there are still swimming meets ahead. Tuesday and Friday of next week Coach Reynolds takes his charges to Redlands for the Citrus Belt League finals. The Indians are the defending champions in the CBL winning the title last year.

STRONGEST opposition will come from Riverside and Redlands.

In Tuesday's meet, diving honors went to John Cunningham, Cunningham and his teammate, Bob Gellerman, are rated among the top divers in the CBL.

Palm Springs' Bees are rated an excellent chance to win in their division while the Cees are figured no worse than third.

Tuesday's results:

County Votes 15 Per Cent City Sales Tax Donation If County Law Enacted

The county supervisors voted three to two this week to instruct county counsel to prepare an ordinance which will provide for a county-wide sales tax under the Bradley-Burns Act in which the cities will give the county 15 per cent of the taxes collected within their boundaries.

The motion was made by Supervisor William Jones after two previous motions had failed by the wayside. It was seconded by Supervisor Fred McCall. The carrying third vote was made by Supervisor Paul Anderson, who as chairman of the board was last to vote.

ANDERSON EXPLAINED, "We should have some starting point so I vote aye." The two previous motions were: First, a motion by Jones to rescind the board's action calling for a building bond issue and to adopt an ordinance for the county-wide sales tax with the cities to give the county 15 per cent; and second, a motion by Supervisor Curtis Chamberlain calling for a ten per cent donation by the cities and a restudy of the tax at the end of one year.

The vote on the first Jones motion was four to one, with all the other supervisors voting against it, primarily because of the provision for calling off the building bond election.

THE VOTE AGAINST the Chamberlain motion was three to two with only Supervisor Anderson in agreement.

It was evident that the ten per cent split to which 11 of the county's 13 cities had agreed, was favored by Supervisors Chamberlain and Anderson, by reason of willingness of the cities to try it for a year. Only the cities of Blythe and Palm Springs failed to support the ten per cent division. Blythe was reported to have "an open mind" and Palm Springs to be adamant.

"I BELIEVE 15 per cent is about right," said Chamberlain, "but I don't think you will ever get the cities to come in for more than ten per cent. I suggest we try the ten per cent for one year. We'll not get anywhere at all if we don't do that."

Farm group representatives were unanimous in urging the supervisors to insist on a 15 per cent donation from the cities.

"Why not 15 per cent and then go to ten at the end of a year, rather than the other way around?" asked M. R. Wilson, Hemet farmer.

ED McCOURBRY, Riverside and Palm Springs automobile dealer, pointed out that many automobile dealers and other businesses operate in unincorporated areas on the outskirts of cities, but draw practically all of their trade from within the cities. He said the tendency is more and more toward shopping centers in areas outside city limits. "The

Riverside County Farm Bureau is missing a bet," said McCoubrey, "when they overlook this factor."

Mayor James Simpson of Hemet, chairman of the league of cities committee which has been hard at work for several months in an attempt to get the cities to arrive at an agreement, observed that the farm bureau naturally represents the farmers in the unincorporated areas and not all the people.

"IT HAS BEEN hard to get the cities to agree to ten per cent," said Simpson. "We'll never get them to agree to 15 per cent. This means another year's delay."

A suggestion by Supervisor George Berkey, that because Palm Springs differs from the other cities due to its high assessed valuation and other peculiar factors, the 15 per cent split is too high and only five per cent should be requested, met with considerable opposition. Berkey said that differing percentages on a special basis is not uncommon in other counties.

"We should be practical," declared Berkey. "The failure of one city to agree to the provisions we decide upon can under the Bradley-Burns Act throw the entire thing out." His statement was substantiated by County Counsel Ray T. Sullivan, Jr.

SULLIVAN EXPLAINED that the county and each city must under the Act adopt an ordinance providing a city-county agreement. He said that any city, or the county, may repeal its ordinance 60 days before the end of any quarterly period of a year, thereby "terminating the happy honeymoon."

Sullivan said later that there are many complex and interdependent provisions in the Bradley-Burns Act and that he will offer alternatives and go into more detailed explanation at the April 15 session of the board.

Tourist Influx Into State On Way to Record

Automobile influx into California and the Southland is on its way to a third consecutive record year, the Automobile Club of Southern California reported today.

First quarter statistics show that 216,973 out-of-state cars entered Southern California with 570,534 passengers compared to 204,773 cars with 519,629 passengers in the same period last year, the club said.

Auto influx throughout the State in the past quarter totaled 352,707 cars with 910,175 passengers compared to 336,855 cars with 846,821 passengers in the first quarter of 1956.

MUSEUM

ness Division are being recruited this week by Co-Chairman Hough and Smith from among the more than 350 member-of-service clubs of Palm Springs.

THE CLUBMEN and women are being asked to pledge three hours of time during next week to the museum building fund appeal, calling on prospects in the business area. Each worker will report for a breakfast briefing session, team up with a fellow service club member, make approximately 10 calls during the morning hour and then turn in the assignment. He or she is then finished with the Museum duties. Other teams repeat this performance on successive mornings. Breakfasts will be held Tuesday through Friday.

Meanwhile, Co-Chairmen Paisley and Rosin embarked today on a solicitation of principal hotels and apartments of the community, seeking to enlist support for the plan to furnish the seats for the 400-seat auditorium of the new Museum. Hotels and apartments are being asked to make their contributions in units of \$100, each \$100 providing a chair.

NEWLY FORMED COMMITTEE on intersection traffic hazards in its first report today said that many intersections in the city have obstructions on the corner. Many were listed as very dangerous,

particularly the ones along the school bus routes. Property owners have already been contacted and only a few of them have taken action at the request of the Palm Springs Safety Council. The situa-

tion was brought to light after the Safety Council's investigation of the traffic accident record at these intersections. The Safety Council has received many letters and pleas from residents on this condi-

tion and has turned to the city to take some kind of action. Above are two examples of intersections, an ideal one at the corner of Avenida Caballeros and Tamarisk, and a dangerous one, also located on Tamarisk Road. (Pospessil Photos).

City Planners to Receive More Redistricting Facts

Pushing for the completion of a plan for redistricting, City Planning Director Hy Ranes this afternoon presented the Planning Commission with a written report. Last week, maps of the city which indicated the number of residents in various areas, and a list of statistical figures concerning population, were distributed to Commission members.

WITH TODAY'S REPORT the Commission will discuss about four different plans and at least a couple of these will be presented to the City Council.

The plan, chosen by the council, will be submitted to the voters.

THE PALM SPRINGS Water Company's application for a conditional use permit is also scheduled to come before the Planning Commission. The body con-

tinued last week's hearing and asked that the company come in with alternate sites for a radio tower location. Its original application was for the tower to be erected on the company building on North Palm Canyon Drive.

Two hearings were scheduled for today's meeting, which started at 3 p. m., a change of ordinance text to amend the Palm Springs ordinance code, and an application by the Foursquare Church for a conditional use permit to construct a new church building on Section 19.

HY RANES SAID this morning if time was available he would bring before the Planning Commission for discussion the construction of a municipal fire station, which has been under consideration by the group for some time. Alternate sites were proposed by St. Eisner.

Liebling Issues Statement on North Tahquitz Drive Widening. Tells of Negotiations

A. M. Liebling, president of Mutual Enterprises, Inc., owners of the property along North Tahquitz Drive, today issued a statement concerning the city's attempt to secure a right-of-way in order to widen the major street.

He pointed out in his statement that he was confident that the city administration and his corporation represented by Attorneys Jerome Richardson and Benjamin Henderson could "solve the problem amicably so that the entire widening of Tahquitz Drive would be completed."

THE CITY, WHICH has been unable to reach an understanding with Mutual Enterprises, decided last week to proceed with the widening of the drive to within its right-of-way, leaving enough room for parking along the north curb. This would make the street almost 15 feet short of the full proposed width.

But Liebling said today that his corporation has filed a plan for proposed building on the area, and added that the city was currently studying the plan. The point, which was made by the head of Mutual Enterprises was: "The city asked us if we would sell 15 feet by 290 feet running from Indian Avenue to Palm Canyon Drive. We not only agreed," said Liebling, "but we gave the city an option at a price which was fair. When the city asked us to donate the land which would automatically take that part off the ex rolls free, we replied that we would require the city to waive some required parking."

IF THE CITY was to let the matter drop, and widen Tahquitz Drive to its full width, its only alternative would be to paint the curb red and allow no parking on the north side, because it would take the street to the very edge of the Liebling property. There would be no room to put in parking meters or sidewalk.

Negotiations are still underway; site must be made by the Planning Commission to reach a determination of the widening Commission.

Third Time's a Charm

Takes a Behind the Scenes Look at The Philharmonic

By SHELBY WEGNER

When the Palm Springs Playhouse Guild presented the Los Angeles Philharmonic Orchestra Sunday in its first desert concert, local history was made and the old adage, "third times a charm," was proven to be true. The first attempt to bring this world-famous orchestra to the resort city was in 1936, when rain caused a cancellation. Last year, after elaborate preparations had been made, strong spring winds and rain made a last-minute cancellation necessary. Gustly winds during the day of the concert, set many people to wondering if the same ill fate were to occur again, but sunset found the night balmy, the moon full, and all in readiness to thrill to Alfred Wallenstein's skilled baton leading his 100 musicians.

Mrs. John Luccareni, Playhouse Guild president, received confirmation of the symphony date just two weeks prior to the orchestra's appearance. Guild members rallied at the news and working committees were formed. Countless details needed immediate attention if this tremendous undertaking were to be accomplished, and behind each committee was Mrs. Luccareni, advising, encouraging, and praying that the capricious April weather would be favorable.

Harold E. Murphy accepted the big responsibility of general symphony chairman, a demanding job of many facets, bringing into play hundreds of workers and wide civic participation. His wife, Florence, took over ticket chairmanship, and ticket sales began in wide price ranges. Mrs. Gwynne Hurrell invited music-lovers to become patrons and patronesses by taking boxes for the concert. Advance reservations were necessary to insure the great expense involved in bringing the orchestra to Palm Springs. A total sale of 44 boxes, with individual seats going at \$10 each, was the reward of all who chose this way of showing their support.

Mrs. Edith Carlson alerted the Chamber of Commerce staff toward publicity outlets necessary to spread the word. Press and radio began carrying the story of the coming concert. John Luccareni and Howard McKay arranged for posters to be made and then placed them in prominent places around town. Banners streamed across Palm Canyon Drive, carrying news of the symphony date. Programs were planned for distribution to concert goers.

The young people of the community were not forgotten in this rush of preparation. Student tickets at 50 cents each were made available to them, and Gus Patzner, instrumental music teacher, started preparing his Junior and Senior High music students for better concert listening. A poll taken in music classes revealed that less than one fourth of the pupils had ever heard a live symphony orchestra. Composers, whose work was to be heard, were studied, and themes from the announced program were played by the young musicians. Patzner, long distressed by the almost exclusive accent on band instruments, and the shortage of string players in most Riverside County schools, was delighted that his students would have this rare opportunity. Many teen-agers attended the

concert and Patzner reported great enthusiasm in classes on the following day. He said they were full of questions, and were greatly inspired by their concert attendance. Many had gone down at intermission for a close look at the beautiful instruments, and had thrilled over conversations with the musicians. More used to seeing popular bands, they were amazed at the large number of strings employed in the symphony orchestra. All youngsters expressed a hope that the Philharmonic would return next year, for their appreciation was far beyond anything they had imagined. Their teacher, and the other band instructors who came from distant towns, heartily concurred in this wish, and Patzner commented, "It has put a spark of life into our music program."

Physical changes wrought in the appearance of the Polo Grounds were executed under the direction of the building and decorating committee, consisting of Messrs. E. Stewart Williams, John Luccareni, William Malouf, Earl Corey, and O. E. L. Graves. From Los Angeles came the green and white canvas shell, actually half a tent, flanked by dressing-rooms. A gay candy-striped border added a festive look. Green matting placed between the orchestra seats and the shell, and a green wooden floor inside the shell, were installations that brought workmen from many parts of Southern California. This construction was accomplished on Friday, and by Monday morning, trucks were carrying all the materials back to Los Angeles. Concert guests entered an area ringed by green canvas, and walked along a bunting-lined main ramp. A red carpet down the main ramp and on the main aisle added to the elegance of the transformed scene.

Archie Long, city electrician, worked long hours with stagehands to bring electricity from near-by fuse boxes to the shell. Long worked the lights during the concert that was played in the brilliance of 10,000 watts. Howard Haddock, city recreation director, was also on duty, helping in many ways.

As concert time approached, many others got into the act of lending assistance. Charles Valentino broadcast along Palm Canyon from his private detective service car. Palm Springs Police directed traffic before and after the concert. The Junior Chamber of Commerce provided courteous parking attendants and ushers, and expert ticket-sellers. And so a town got behind the Playhouse Guild activity and a cooperative venture was launched.

Three Greyhound buses brought the 100 musicians, and a tremendous truck brought their precious cargo, priceless instruments, carefully packed in trunks. Orchestra leader, Alfred Wallenstein, expressed complete delight with the arrangements, and keen pleasure in being here.

Thrills of the record-making event were echoed around town on the day after the concert. Mayor Florian Boyd said that this community can be proud of having been host to a great orchestra and a great conductor. He further commented that this historic first should insure success for future concerts. Robert Peterson, City Manager, agreed that this should be an annual affair and said, "Palm Springs has indeed come

Around Town

with Hildy Crawford

Flowers in Palm Springs gardens are bright Easter egg colors... and the sun gilds the palm trees and glints on the swimming pools that are getting a good play this week... There's youth and laughter as the Village yields to the annual invasion of holidaying college students... Easter frills and furbelows fill the windows of the smart Palm Canyon shops... and traffic is heavy in downtown streets... Summery days yield to moon-lit nights... and the lighted cross on the mountainside gives sweetly solemn reassurance that another Easter is at hand...

King and Tommy Cole flew down from San Francisco today... to spend Easter week vacation with their grandparents Win and Charles Becker... Charles, who's been back in Illinois, planes in tomorrow...

Edith and Dick Edwards leave May 2 for LaPaz... They'll fly down from Tijuana to join the John Griffiths on their boat "Mat" for a cruising and fishing trip... They'll be back around the 26th and will be here until July... when they are Honolulu-bound...

Vivian Austin, who underwent surgery for eye trouble, is out of the hospital and at their Bel Air home... The operation was not the success that her friends had hoped... and due to complications she will be in Bel Air for a few days longer...

Honoring Jolie Gabor and her bridegroom Edmund de Szeged... Ralph Wilcox Taylor is hosting a champagne party at LaPaz on...

Geraghtys Go To Yosemite

With Easter vacation here, Villagers Mr. and Mrs. Maurice Geraghty and their three boys Kerry, Ricky and Mike, all of whom are ardent skiers, will take their customary trek to Yosemite to catch up on their favorite sport.

They plan to wear their Desert Circus hats which were the center of attraction last year, even when Mrs. Geraghty was caught in a snow storm which practically ruined the colorful spring flowers adorning her hat.

of age culturally. Mrs. John Luccareni and Harold Murphy concluded that all the work involved had been worthwhile, and were very appreciative of the wide-spread interest and cooperation.

Saturday evening... Guests are asked to present their invitations at the door...

That same evening the George Dulans and the Dolph Oberfels are entertaining at 3 Fairway Drive, Thunderbird Country Club... and Bertha and Ed Robbin are hosting a dinner at their home on East Alejo Road...

Just received is an invitation to a Sunday brunch... which Lillian and Franklyn MacCarthy will give at their San Lorenzo Road home... on May 3...

Joe Pawling's House of Tomorrow on Hermosa Place... has been sold to Victor Nemeroff of Chicago... A member of the Racquet Club, who has spent many winters in Palm Springs, Nemeroff is chairman of the board of Allied Paper Company which has its headquarters in the Prudential Building in Chicago...

The Peter Lawfords (she's the former Pat Kennedy daughter of the ex-ambassador) are at the Racquet Club... and are frequently lunching and dining with a group of friends... including Mrs. Dan Topping... the John Fells of New York, who've taken a house here for six weeks... Peter Sabaston, Eloise Cook and Dick Livingston...

Also back at the Club is John Scott Trotter... who's been on the diet route and lost 70 pounds.

If you love luas... here's some dates to write down in your calendar... Thunderbird's fabulous affair is to be April 27... with Tani Marsh and her entire troupe of entertainers... including fire eaters, sword swallowers and, of course, the hula girls... The Ranch Club luau is on May 3... Shadow Mountains, which draws as many as 600 people, is set for May 18... and Desert Air will wind up the season with theirs on May 25...

Tournament Week Has Social Time

Thunderbird tournament really was "out of this world," both socially and sportwise, with the week crowded with events. From the fabulous party at the Robert McCulloch home on one Saturday night to the western chuckwagon up the hill the following Saturday, it was a gay and busy week.

Tuesday night found Thunderbird members and visiting golfers getting together for a cocktail hors d'oeuvres party, with the Guadalajara Boys and the Royal Lanters playing.

Four hundred attended the Thursday night dinner dance. The entire club was decorated for this, with multi-colored balloons wafted from the huge circus tent ceiling. Earl Cordrey had created a backdrop for the bandstand with an "out of this world" motif, and the tables were decorated with golf balls contrived of white daisies and sweet peas. Dance music was furnished by attractive Irene King and her Las Vegas Knights, who alternated with the Barney Lantz Trio. Beautiful purple orchids were presented to the ladies.

Gordon MacRae contributed a special treat by singing tunes from "Carousel" and "My Fair Lady," receiving a standing ovation from the capacity crowd.

Saturday night's western chuckwagon dinner started out with cocktails and hors d'oeuvres in the Club lounge, with Kent Hayes, Thunderbirds newly-elected president welcoming the guests and congratulating Richard Meyers and William Worthing, tournament chairmen, on a most successful tournament.

Prizes were presented and Mrs. Wade Ambrose won the "survey with the fringe on top" golf cart. Horse-drawn hay wagons conveyed the guests to the hill on Thunderbird Estates, where dinner was served. Spade Cooley and his orchestra, featuring Caysee Jones, furnished the dance music.

Among those enjoying the chuckwagon and dancing under the moon, were: Messrs. and Mmes. Pollard Simons, Dick Snideman, Willard Parker, Milt Hicks, Joe Dyer, R. R. Hall, Fred Waring, Leonard DeLue, James Welsh, Jim Harstead, Bob McCulloch, Harry Von Zell, Don Pegler, Dan Thornton, George Barrett, Eric Stainton, Kent Hayes, Lou Manseau, Monty Moncrief, Russell Wade, Knute Tarbel, Lester Hutson, Charles Price, Earl Buckingham.

Also: Messrs. and Mmes. Jack Ross, Don Bleitz, Clarke Swanson, Steve Swanson, George Wright, John Dawson, Bill Tomberlin, Robert Walker, Ken Evans, George Holstein Sr., George Holstein Jr., John Curci, Dick Meyers, Clarence Goodwin, and many more.

Easter at Oasis Hotel Traditional for Many

Easter week at fashionable Oasis Hotel has been a tradition with families coming from many miles to celebrate in a group with old-time friends at the hostelry.

This year is no exception, and many outstanding plans are scheduled for this coming week climaxed with the annual egg roll on the manicured lawns of Oasis next Saturday morning. Among those on hand will be the McMahan clan, of Southern California which is now going into its second generation of gatherings at the Oasis. There also are a number of Seattle and Northwest families flying down for Easter vacation from the schools there and from University of Washington.

Among those already sunning by the pool are the William McMahan and child, of Los Angeles; Mr. and Mrs. Russell Presante and children, Santa Monica; Mr. and Mrs. J. M. Schaaf and children, Pacific Palisades; Mr. and Mrs. Sinclair MacDonald, Los Angeles; Mrs. M. B. Price and daughter, Los Angeles; Mr. and Mrs. E. C. Henning and child, Los Angeles.

From up Seattle way have come Mrs. Tom Paul and family with Mrs. Mary Baxter and party of young people; Mrs. Leon de Turanne and son; Mrs. Russell C. Perkins and daughter; Mr. and Mrs. Anthony E. Mandery and child; Mr. and Mrs. Llewellyn Wing and child; Mrs. Eugene B. Stillwell and daughter, Jane. Mrs. Don M. McDermott also is arriving from Seattle for her second

visit to the Oasis this season.

San Francisco has its annual returns also. Dr. and Mrs. Frank Hand and daughter will be enjoying their 15th annual Easter holiday in this smart spa. Also from the bay-area will be Mr. and Mrs. Pagannini and two children, and Mr. and Mrs. Petri and youngsters for the Easter week.

Also calling Oasis home for the coming week will be: Mr. and Mrs. Frank Dearing and her mother, Mrs. Edward W. Williams, Los Angeles; Mr. and Mrs. Luther H. Schroeder of Cleveland, Ohio, who are staying until early May; Mr. and Mrs. Wilbur Chenoweth and her mother, Mrs. Joseph Granger; Mr. and Mrs. T. E. Norris and child, Pomona; Mr. and Mrs. George Gaetke and child, San Francisco; and Mrs. N. C. K. Wills and daughter, from Vancouver, British Columbia.

Here for Easter

Mrs. Eugene Eaton Shakespeare of Beverly Hills, has leased the Paul William Lawrence, Jr. home at 1155 East El Alameda in Palm Springs over Easter. She will be accompanied by her two sons, Gene Gibson Shakespeare, the older, is a graduate of the California Institute of Technology and post graduate of Massachusetts Institute of Technology. Jay, the younger son, is a student at Los Angeles City College.

Mrs. Shakespeare is active in church work at the All Saints Church in Beverly Hills.

Easter Party Celebrates Sixth Birthday

Easter eggs, bunnies and chickens set the pace for the sixth birthday of little Ricky Harrison at the home of his parents, Mr. and Mrs. Rick Harrison, 1055 Suntan Lane, Saturday afternoon.

The afternoon kindergarten class of Cahulla school, which Ricky attends, were there to help celebrate on this happy occasion. They included John Hutton, Gordy Johnson, Joy Alkin, Joy Bork, Marlene Chapman, Sandy Cosmo, Tal Hewitt, Beverly Muehle, Caroline Myler, Vicki Roberts, Vicki Scholl, Nina Watt, Irene Casey and Ricky's younger brother Jon.

Several games were played including pin-the-tail-on-the bunny and everyone received prizes.

A birthday cake beautifully decorated in pastels, with miniature Easter bunnies and chickens perched atop, was served later in the afternoon along with punch and ice cream.

Carl Schroeder Off to St. Louis

Carl Schroeder, swimming and tennis pro at the Ranch Club, will leave next Sunday for St. Louis to resume his duties as swimming and tennis pro at the Chase Hotel. En route he will spend a week in Florida and will return to the Village next fall.

HOLMES ALEXANDER:

The Fearful People

WASHINGTON, D.C.—You hear it said that we should amend the Constitution and spell out exactly what to do if a President becomes "disabled," but I think we'd do a lot better to amend our national habit of thought concerning these bugaboo matters.

There was an Air Force paddiefoot in World War II whom I used to know, and he did a fair share of flying. Infinite and terrifying are the things that can happen to a B-24 bomber on take-off with its load of high-explosive, 50-caliber ammunition, wing tanks of high-test gasoline and green crews.

WHEN THIS PADDIEFOOT sweated out a take-off, he thought about all those things that could happen and a few others besides, until one day he had his earphones on and didn't hear the big bomber rev up and go. He found that the plane got aloft without the help of his tormented imagination, and so he quit inventing emergencies and did what it says we do on our coinage: "In God we trust."

For a nation "under God" we fret beyond any warrant about the freaks of fate which, so far in our history, have mostly rebounded to our benefit. Our Vice Presidents who succeeded by death to the White House have averaged as high as the rest of the Presidents.

IN THIS CENTURY, Harry Truman, Calvin Coolidge and Theodore Roosevelt were honored by reelection. In the last century, John Tyler and Andrew Johnson, though not reelected, were men of immense fortitude. Only Chester Arthur was a complete hack, and he was quietly eased into private life.

If the Lord hadn't loved us be-

yond our deserts, we'd have been conquered by Lord Cornwallis and Robert E. Lee, whom practically all historians regard as superior generals than any the USA had. And nothing but the Almighty's sheltering arm has saved us from the world-savers in our midst.

THE THINGS that could "happen" to President Eisenhower are not, as our fearful highbrows seem to think, related to any peculiarities of our "atomic age." All the actuarial tables show that at 66 the President has a better chance to reach 70 than he did before Hiroshima. Heads of state have died from time to time, and worms have eaten them, without any help from nuclear physics. The present crisis, since we've never supposed to be without one, is not in our laws but in ourselves. The following questions are going the rounds in Washington; and you may ask yourself if they reflect a flaw in the Constitution or an epidemic of knock-knees among our affrighted people.

"THE PRESIDENT snapped at a reporter in press conference. Does that mean he's cracking up and will soon resign? The President, whose friends say he can't stand criticism, was raked over in dozens of editorials for speeding on the highway. Does this indicate that he'll have another heart attack?"

Both the Saturday Evening Post and the N.Y. Times published think-pieces last month on presidential succession by something other than sudden death. Do these publications have inside knowledge of the President's health and mental outlook? Vice President Nixon was accompanied on his African junket by

30-some newsmen toward whom he was unfailingly solicitous and agreeable. Was he worming up as a White House pinch hitter on that trip?

WHEN RUMORS of this sort are afloat in informed places, it does not mean that the rumors are true. It does mean that they are important and should not be ignored. These rumors are not evidence that there's anything wrong with the President, but they do mean there's something wrong with the country.

What's wrong is partly the same fear psychosis which has kept us twitching and trembling with anxiety ever since we accepted government-by-crisis many years ago. If all the fears had come true, we would have had a revolution under Father Coughlin or Huey Long, been blizzed by Hermann Goering, been enslaved by those "selfish interests" that Harry Truman liked to conjure up, and been biologically sterilized by the H-bomb testing.

ALL THIS is bad enough, but today there's something worse. We are afraid of losing Dwight Eisenhower. Our anxiety is great because, in all frankness, our need of him has been of some magnitude. But it's no disrespect to like to say that the country will live longer than he does, and that the greatness of America does not repose in any of her sons, however distinguished.

It appears to me we'd better let the Constitution alone on this point and stop inventing catastrophes which probably won't happen. Even if they do, the outcome will lie with us, and nowhere else.

'Yeag—Cut the Budget Over There'

THIS SIDE of The Sun By Phat

Neither snow nor rain
Nor gloom of night
Shall stay these couriers
From their swift flight
Except, forsooth, should
Congress not yield
It will be a guy
Named Summerfield.

So you didn't get any mail Saturday. We didn't have any rain, it wasn't snowing and there was a bright moon.

MY VERSION of that post office slogan isn't exactly the same as that carved in granite at a lot of post offices in big cities.

The authentic version starts out the same about the rain nor snow nor gloom of night but when it gets down to the 'couriers' instead of saying 'in their swift flight' which would rhyme, they had to add some governmental, gobbledygook.

So they substituted 'from couriers' instead of saying 'in their swift flight' which would rhyme, they had to add some governmental, gobbledygook.

ANYWAY, this all adds up to a story gleaned from the wires of the United Press Saturday by order of Postmaster General Arthur E. Summerfield who got mad at congress because they delayed giving him the cash he needed to run his department.

Fellow by name of Charles E. Hubbell of Cleveland, Ohio, had the answer. Since mail Saturday was only delivered if it had a special delivery stamp, he put one on a letter addressed to the New York postmaster.

CHISSED in stone at the N.Y. P.O. is that 'Neither rain nor snow' slogan ending up with 'completion of their appointed rounds.' Wrote Mr. Hubbell:

"A sad, sad, tale it is to tell,
'Your time-honored boast, today it fell
'Take down your sign, you may as well
'The appointed rounds are shot to hell."
That letter was delivered Saturday.

THE WAY the University of California is spread all over the state, they have to use letters to designate the various campuses. Like, for instance, in Los Angeles, it is UCLA, in Riverside, UCR.

I wonder if they call the one in Santa Barbara, USB. I hope not.

Because some one might think that was a question and look around to see to whom the speaker referred.

ANOTHER SIGN of how times have changed was noted the other day on the train. (By the way, I got on at West Palm Springs and it was just like it always was. Same depot, same red cap, same fare and in the club car, same kind gentleman to ask 'what shall it be, sir?')

Anyway, two women were seated next to me. One said: "You know, I went into a store the other day to buy a coffee table and the clerk looked blank. When I described it, he said:

"When it comes to saving money, you've got to hand it to the women," says Charles Ruffing.

Palm Beach Popular Too

PALM BEACH, Fla. — For those citizens who are always searching for a straw to show which way the economic winds blow, there may be a splendid sign and portent in the news that Palm Beach authorities have seen at their wits end this season to find berthing space for all the yachts that have wanted to visit here.

The community provides berthing space for 52 yachts, and the SRO sign has been out all season. The city fathers have been hard put to it to keep open the one parking space which, by tradition, is available at night for any stray yacht. (That is comparable to you and me keeping a light in the window for Charles Boyer.)

RECENTLY I read an article by an American who had just returned to his own, his native land after several years residence abroad. After traveling through 20 states, he came to the conclusion that the greatest phenomenon in the U.S.A. is the disappearance of both the rich and the poor (into a prosperous middle-class).

I think I know why he couldn't find any rich on his travels: They were all spending the winter on the Gold Coast of Florida, clothed here thick and rich as Jersey cream, the men wrapped in sunbats as dark and opulent as the Corona Coronas they smoke and their ladies languid in the insignia of their tribal totem, the cashmere sweater with the white trim shawl collar.

AND YET—and yet! It is not quite like the good old days before the crash of '29 and before the income tax developed a 90 per cent bracket. No one has stepped forward to plunk down \$2,500,000 for one of the most fabulous residences in the nation, the ocean-front home of Mrs. Horace E. Dodge, widow of the automobile magnate.

So this vast house, one of the last and probably the best designed by that extraordinary architect, Addison Mizner, is to be delivered into the hands of the wreckers and razed.

GRIN AND BEAR IT By LICHTY

... And in estimating your income, you'll find a good rule-of-thumb is to figure your income at about two-thirds of what your wife spends."

EARL WILSON:

Groucho's a Low-Pressure Guy

LAS VEGAS — I've been trying to give Groucho Marx a cocktail party, and he promised once he'd come—if I didn't.

But here he invited me to lunch. I looked more analytically at him.

Why is it that his TV show goes on and on, whereas Milton Berle, Sid Caesar, Jackie Gleason, Herb Shriner and other younger men are uncertain about what they'll be doing for you folks out there in Videoland next year?

It may be because he's a low-pressure entertainer, a man who shies away from crowds and cocktail rattles... and big variety shows.

"THERE'S ONE thing that puzzles me about my TV program," he said. "That's why anybody watches it."

"You're about the oldest show on the air," I mentioned.

"The secret of success in TV"—he was pouring salt and pepper on his poached eggs at the Brazilian room of the Tropicana—"is not to have anybody watching you. I'm achieving perfection in that."

"What are you doing in Las Vegas anyway?"

"This morning I was reading Boswell's 'Life of Johnson.'"

"YOU SHOULDN'T TRY to resurrect wit," he said, wagging his head. "In Boswell's book somebody says he comes out of Scotland. Somebody else says, 'Everybody should come out of Scotland.' Try to get by with that on television."

"You and Jack Benny have still never won an Emmy," I said.

"What's so funny about that? We never won an Oscar, either. But I'd rather have my sponsor pick up my option than get an Emmy."

"Where's Chico?" I asked.

GROUCHO LOOKED at his watch. "Right now he's playing cards."

"Is he here?"

"Of course not! Chico doesn't have to be here to play cards."

"I've got to go," I said. "When are you coming in to New York so we can have the party?"

"It's because of the party in my honor," he said, standing up to shake hands, "that I'm not coming into New York."

THE MIDNIGHT EARL IN N.Y.

Christine Jorgensen says she's studying art, and visits Grandma Moses weekly... Eartha Kitt long-distanced her pal, the ailing Aga Khan, in Cannes... Mrs. Victor Borge busted three ribs in a bus accident... Person to Persons' Mike Todd-Liz Taylor visit racked up its highest Trendex: 35.2.

There's snarling backstage at "Shinbone Alley"... Jay Breen, a former "Confidential" editor, died in Texas... Janis Paige lunched with Artie Stander, whom she's divorcing... Pretty Madeline Coubu flew up from Miami for a date with Joe DiMaggio... Merle Oberon and Bruno Paglia will honeymoon on the Mediterranean after their June wedding... Ruth Gillis, a former Ralph Flanagan band vocalist, is a restaurant hat-check gal temporarily.

GINGER ROGERS huddled with CBS-TV exec Bob Weitman, may do some spectaculars... The Dick Continos had a spat right onstage at The Concord when she refused to sing with him... A famous songwriter is under surveillance by narcotics agents...

Elsa Lanchester joins husband Charles Laughton in the film, "Witness for the Prosecution"... Joe E. Lewis says, "Zsa Zsa Gabor's picking the chorus girls who'll work at El Rancho Vegas—but I'm picking the Scotch they will serve"... Tab Hunter will star in a TV ice spectacular with Barbara Ann Scott... Comic Eddie Mayheoff makes more from doing his TV beer commercial than he gets from his hit B-way comedy, "Visit to a Small Planet."

EARL'S PEARLS... If you doubt that your boss has a sense of humor, try asking him for a raise... Tony Pettito, Saugus, Mass.

WISH I'D SAID THAT: "The honeymoon's really over when he doesn't notice his wife's wearing something new till he gets the bill for it."

TODAY'S BEST LAUGH: Have you heard of the very wealthy witch? She travels around on a little foreign bachelorette. The Lonely Bachelorette who long for a good, home-cooked meal have a lot in common with some husbands... That's earl, brother.

MIKE CONNOLLY:

New Mocambo Record

HOLLYWOOD — James MacArthur's brilliant reviews on his acting in "The Young Stranger" have caused an uproar in Helen Hayes' household. Helen's son wants to quit school, get married and continue his acting career. But Helen is adamant about Jimmie remaining at Harvard until he gets his degree; additionally, she thinks he's too young (19) to get married.

Open up the Golden Gate—this column starts in the San Francisco News April 22... Frank Sinatra has pulled \$40,000 into the Mocambo during his nine-day stand there, a record for the Sunset Strip saloon.

GEORGE CUKOR, favorite director of Greta Garbo, Tallulah Bankhead and Ethel Barrymore, will direct Anna Magnani in Paramount's "Obsession"... Jerry Lewis will guest-star in "Hear Me Good" at Par for his pal, ex-Chicago newspaperman Don McGuire—and for free.

Jimmy Cagney is directing his first picture, "Short Cut to Hell," for peanuts just for the experience. Total budget for the whole enchilada is well under \$500,000... I wished Joan Collins a happy birthday at Ciro's. She said, "Thanks but I don't acknowledge birthdays any more—just birthday gifts!"

THE WILDLIFE is leaving the Hollywood Hills because of the advance of civilization, according to animal experts.

Once not too long ago Marty Pickford and Douglas Fairbanks rode out at night to shoot coyotes and kindred varmints but today the garbage disposal units have cut off a source of food supply for our furry friends: the homey garbage pail... Milton Berle overheard it at El Rancho Vegas: "Honest, I never look at TV—it's the worst thing I've ever seen on stage, screen or radio!"

M-G-M will sign up an entire circus for "Merry Andrew," in which Danny Kaye and Salvatore Baccaloni will play clowns... Jean Simmons times Stewart Granger's every weekend trips to their ranch in No-gales to Beverly Hills (she's in Hollywood making "Until They Sail," he's between pictures). It took him four hours the first trip and it's a case of or-else if he doesn't make it in that time EVERY trip!

GENE KELLY would never recognize his old dressing room at M-G-M. Anne Francis has taken over and fluffed it up with

white, pink and aqua slipcovers and pillows, all sewn by her own nimble little pinkies... Jerry Wald tells me he's pleased with the way the love scenes in his "Peyton Place" screenplay are couched (ouch!).

The old Harry Carey ranch at Newhall, Calif., a location site for many a Western movie, may be a real estate casualty soon. The area is jumpy with oil and subdivision... Self-description by composer-conductor Constant Lambert: "Composes and conducts—better he should compose his conduct!"

TV TOPICS—If they can find a time slot for him, Nat "King" Cole's 15-minute show will stretch to a half-hour in the fall... Remembering Larry Storch's hilarious Nipponese nip-ups on TV's sumer replacement circuit a few seasons back, I figure the lad'll have nary a nip of trouble finding a sponsor for his new teleseries, "My Man Sing," in which Larry will play a Japanese servant.

The Will Mastin Trio, starring Sammy Davis, Jr., signed a fabulous five-year contract (for \$500,000) with the fabulous Sands Hotel in Las Vegas calling for the Trio to play the hotel four weeks annually during the next five years at \$25,000 per week... Mayor Robert Briscone of Dublin on the subject of elections: "On Election Day you should do what we do in Ireland—vote early and often!"

ESTHER WILLIAMS has chosen "The Armed Venus" as the TVchive in which to make her dramatic debut—so you'll be seeing her in same on NBC-TV's Lux Video Theatre May 23... Tony Sands, for whom a whole shiny new show business world opened up after his smash in Kraft Theatre's "The Singin' Idol," will return to Kraft May 8 to show people he's not a one-night fluke. Watch this Chicago lad—he's aimed right for the top.

Dale Robertson will rev up interest in his teleseries, "The Fargos," with public appearances here, there and everywhere during the next few months highlighted by a pickup on "Wide, Wide World" at the Wells Fargo Centennial in San Francisco in May.

Tallulah Bankhead, here to do Jack Benny's Shower of Stars, ran into Joan Blondell and said, "Dollin', you have a BEAUTIFUL complexion—do you have high blood pressure?"

JOHN MORLEY

How to Reduce Taxes by Billions of Dollars

(Editor's Note: Part Two of two columns on why taxes are high and a plan to save billions in taxes.)

No one in his right mind would propose reducing our military budget and security while the Soviet Union is building up its military might at an alarming rate, just to save tax dollars. Also, no responsible person would propose that certain essential services of government be curtailed.

It is also understandable that the rise of our population has increased the cost of government immeasurably... and steady inflation further aggravated the problem of making government ends meet.

WE FIND NO quarrel with either the necessity of more government spending to meet population increases, or the unfortunate increase of government costs through inflation, although government spending has been a factor in this inflation.

But we do find fault with some politicians hell-bent on "equalizing the nation's wealth" through a long variety of taxing schemes to pay for unnecessary "government services," frills and hand-outs, at the expense of other citizens over the past 30 years.

THEY HAVE DONE this with excessive income taxes, inheritance taxes, luxury taxes and a thousand other taxes in order to maintain an incredible government bureaucracy with no end in sight.

The Democrats started it... and the Republicans are trying to go even one better. The underlying reason for all this is that the Democrats were able to secure themselves in public office for 20 years by billions of irresponsible spending... and now Republicans find themselves in the position that unless they match, or exceed the Democrats, they would be voted out of office.

MOST POLITICIANS in both parties don't have the courage to tell their constituents all of the tax-truth. If they vote against higher old-age pensions, for instance they would lose the senior citizen vote... if they vote against a pork barrel project in their state, they will lose support among those who favor such a project... if a certain senator votes against another TVA in a certain state, the senator of that state would oppose a project in the first senator's state, and so on down the line.

It is thousands of such govern-

ment projects, paternalistic hand-outs, socialistic programs and the like which keep the national budget high. It is not the military budget alone that keeps government costs high, although politicians juggle the figures to make it appear that three-fourths of our national budget goes for "defense."

"It's the extravagances, the waste, lack of responsibility, the bureaucracy, the political patronage and other such tricks-of-the-trade that run up the bills. The whole system of budget-making needs a house cleaning... and this probably will not happen until the taxpayers are bled white and the economy cracks under this fantastic tax burden."

ACCORDING to the Hoover Commission report, over \$60 billion taken from the taxpayers is today invested by the federal government in more than 3,000 business-type enterprises which complete with private business and private citizens all over the nation. These did not exist 30 years ago.

These 3,000 government businesses invade hundreds of areas which heretofore were always handled entirely by private enterprise. Why should this be so? Why should the government collect taxes from the private citizen and private business and then take some of those taxes and compete with the same private enterprise unfairly? Unfairly because the GOVERNMENT PAYS NO TAXES... and the cost of taxes is a major part of the cost of doing business. Since the government pays no taxes, it can UNDERSELL ANYBODY, ANYWHERE, ANYTIME. If the government took over the gas stations, gasoline would cost about 30 per cent less, because the tax on gasoline is about 30 per cent of the price.

GOVERNMENT IN business-type enterprises from electric power to agriculture is the only business which can "afford" to operate at a loss. No private business can do it. Government can because it makes up its losses through more and more taxes. The bureaucracy does not care whether he makes a profit. This is because he has an inexhaustible faucet through which flows an inexhaustible supply of more money. So the fellow in Tennessee who buys cheap electric power does so only because millions of citizens thousands of miles removed from Tennessee pay the difference.

Multiply that by 3,000 similar projects of government and you

can see how this affects the taxes of millions of taxpayers who get nothing for their money.

IMMEDIATE LIQUIDATION of most of these 3,000 business-type enterprises the government is engaged in will bring into the U.S. Treasury upward of \$30 billion within a year. This could reduce the public debt and at the same time reduce taxes.

In addition, private enterprise that will take over some of these businesses will pay added billions in taxes which the government is not getting at present. Politicians know this, but are afraid to bring it up because it will lose them many votes among the rank and file who are fooled by government handouts, not realizing that sooner or later they will be called upon to pay in taxes for somebody else's handout.

Some politicians are also reluctant to suggest abolishment of these government business-type enterprises because thousands of jobs involved are the rewards of political patronage.

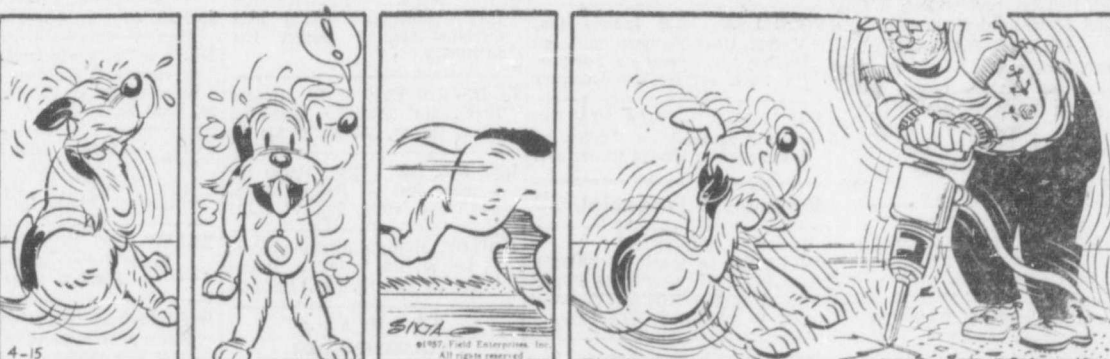

GOVERNMENT IS responsive to the will of the governed. To be elected the public official is expected to yield to public will. But the public will is often wrong and dangerous to the security of the nation, through ignorance and, worse, through the irresponsibility of politicians who promise the moon just so they get elected.

They are promised higher and higher old-age pensions, higher and higher social security, higher and higher agricultural subsidies, more and more federal roads and projects through their states, cheaper and cheaper federal electric power for "a few to be paid by the many, etc."

Other irresponsible politicians blame it on "Wall Street" and call for "soaking the rich," without telling the people that the "rich of Wall Street" pay only 1.6 per cent of the taxes, while 98.4 per cent of the people pay the rest, with over 80 per cent of the taxpayers included in the lowest 20 per cent rate of income taxes.

THE SIZE of the public debt (\$271 billion)... the size of the present proposed budget (\$71.8 billion)... and the alarming rate of increased taxes calls for emergency measures, courage and statesmanship on the part of all elected public servants.

The people are too indifferent and too preoccupied and too uninformed on government expenses to do anything about it. The leadership must come from public officials.

GEORGE STREBE, who was seriously injured in an automobile accident some time ago and has since been recuperating, was in the Village this week visiting his family and friends. He is well known to Villagers and visitors for his operation of the Doll House and ivy activities prior to his

accident. Above, he is pictured with Peter B. Shepley, secretary of the local Shrine Club, discussing arrangements for the dinner dance held last night, and assisting with tickets. Strebe is a past president of the club.

An Easter Buffet Dinner was served in the club house Thursday evening. Turkey and ham were the entrees. The club house was decorated in accordance with the Bunny-Egg-Flower theme. Mrs. E. R. Brewer was chairman of the affair, with Mmes. C. Kent, S. St. Clair, F. Fehse, G. Wright, E. DePalie and E. Segraves assisting. The evening was enjoyed by some 75 Blue Skies residents and their guests. "Bing Crosby Game" followed the dinner.

ON EASTER Sunday morning between 8:30 and 12 noon the men of Blue Skies are holding a breakfast in the club house and around the pool. E. R. Brewer is chairman.

All Blue Skies residents will be served free and all guests will be charged \$1. The usual appetizing menu will be served. Those assisting the chairman will be announced this week.

De Luxe Park

Dr. and Mrs. Lincoln Cromwell had as weekend guests Dr. and Mrs. Howard Dennis of Beverly Hills, and Dr. and Mrs. Kenneth A. Grow.

Dr. Grow, oculist, has established practice in Palm Springs. Dr. Dennis is associate professor of Medicine in UCLA Medical School. He was impressed with the beauties and accommodations of De Luxe, and was surprised to learn that a large per cent of De Luxe residents were retired folks, including doctors and professional men, and expressed the opinion that trailer living must be a very interesting way of life for all.

He commented especially on the many social activities which provided all types of entertainment and recreation for the residents.

EVERYONE ENJOYED the round and pattern dancing Saturday night to the music of Medora Hyett, Lloyd Parkins, Floyd Dixon and Mr. Baer.

Next Saturday night the Strickland Orchestra will play for the dance, together with guest musicians from Los Angeles and guest callers from the Palm Springs area for the two square dances. This Easter Party and Dance will be the big event of the year at De Luxe.

The Strickland Orchestra will play for the Saturday night dances through the season. Rex Parker will call for the Wednesday night dances and has been engaged for next season.

BEA FAUTZ, one of the members of Dora Tennyson's "Non-Fiction" Class at De Luxe, received her first check from "Mo-

bile Living" Magazine this week. She says it wasn't large, but being her first attempt, it looked "awfully big" to her. Her subject was "The Dizzy Side of 50."

Al Nebl, founder and publicity director of the Travel Trailer Clubs of America, better known as the "Trailer Tillicums," was host to 14 at a patio supper Sunday evening at Orchard Trailer Village.

THOSE PRESENT were Messrs. and Mmes. R. J. West of Portland, Ore.; Ernest E. Krueger, also of Portland, now residents of Sahara; Fred Stewart of Palm Springs; Haskell of Blue Skies; Jack Hyett and Virginia Davis of De Luxe; Al Nebl and son Albert; and T. Earl Allgood of Salt Lake City.

Mr. and Mrs. Allgood are owners of some of Salt Lake City's largest and finest trailer parks, including the National Trailer Park and four other smaller parks. They say they have had many summer guests from the parks in the Palm Springs area.

MR. AND MRS. C. LESLIE Wheeler of Salt Lake City, and Mr. and Mrs. C. I. Frost of Laguna Beach were recent visitors of the Ralphs.

Sally Ralph, who is head counselor of San Francisco High Schools, arrived today in her new Volkswagen to spend the Easter holidays with her parents, Mr. and Mrs. C. P. Ralph. Irene Repetto of Berkeley, who is also on her Easter vacation, is expected to arrive later today, and will be a guest of the Ralphs.

The Coulter Jones are leaving via Canadian Pacific for a leisurely trip through Canada as far as Montreal, and then south to Mansfield, Ohio, where Mr. Jones has a furniture and piano business, which incidentally, was started by his father 64 years ago. They will be back in June and expect to take their new Gold Air-float to Ventura for the summer where his son, Ted, has opened a new tire business. They will return to the same location in the fall.

Keeping up with the three Oliver brothers, the three wives and the three Airstreams takes some reporting. As it stands now, they all came back from Mexico; Allen and Chester, two wives and two Airstreams have returned to Kent, Wash.; Cromwell and one wife and one Airstream are still here, and are planning to leave after Easter.

A week ago Major Carl Millington had an evening show of pictures on Arizona and the whole series was a work of art. The recreation hall was overflowing and

some of the guests had to sit outside and view the pictures through the plate glass windows.

To the Bone

COZAD, Neb. — Gov. Victor Anderson's "hardluck" state budget proposals were brought home to him at the Cozad Farmers Heart Lift banquet here. As evidence of the way the area is "cutting the budget to the bone," the governor was served a ham bone and two beans.

Atomic Energy Commission's annual financial report disclosed procurement and production of nuclear materials in 1956 cost \$1,009,918,000 versus \$782,031,000 in 1955.

WAS OUT SCOUTING AROUND THE OTHER DAY and came across
a real sleeper. This one has 100x150 lot with a nice large clean
POOL—It's a 3 bedroom beauty made from small blocks—Has
enclosed garage too—POOL, is fenced for privacy—This owner is
a real Rip Van Winkle because he's just put in new wall to wall
carpets and is selling this place for only \$16,000—and you make
the terms.

ALSO FOUND A NEAR NEW 2 BEDROOM place with nice brick fire-
place, just off Indian Avenue. Has real good financing with a
\$11,000 1st Trust Deed payable for \$75 month including interest.
That's cheaper than rent. If you have the \$2250 down payment,
steal this for \$13,500.

LOTS OF HOUSES HAVE SOLD IN THE Deep Well area this past
month. We still have three nice ones left that should sell soon.
One is a 3 bedroom, 3 bath with large clean POOL—about 4 years
old—only \$34,500. The other is a 2 bedroom, 2 bath with POOL—
Only \$29,500 and then the other is a nice 3 bedroom, 2 bath with-
out a pool for \$28,500. Why not check these three values before
buying.

LISTED A TRIPLEX in the Warm Sands area that has a NEW POOL
just installed. The full price is so low that I'm afraid to print it
because you may think it would be just some old junk, but it's
not. \$10,000 down will handle it and the rents will more than make
the monthly payments.

WOULD YOU LIKE TO HAVE A HILLSIDE LOT in Little Tuscany?
Well, I have one for only \$5500. Submit.

ALSO HAVE TWO NICE VIEW LOTS IN ARABY—Both for \$3650.
Must be sold together.

Record Group To Attend Ad Meet April 25-27

Leading advertising agency executives of the West plus representatives from all advertising media will travel to the Oasis Hotel, Palm Springs, next weekend, April 25-26-27, for the seventh annual Western States Advertising Agencies Association Conference.

Record breaking number of delegates will attend the three-day session it was reported by conference chairman, Douglas Anderson. Total attendance of more than 300 is expected.

KEYNOTE SPEAKER is New York's Roger Barton, Project and Public Relations Director of Alfred Politz Research Inc. of New York. Barton's surveys on sociological matters are syndicated in 125 newspapers.

Barton will speak twice at the convention, first on the subject of "The Advertising Business in 1956." Later in the session he will discuss the agency business in terms of what will be expected of it in 1962.

THEME OF THE conference will be "The Advertising Business in 1962," according to WSAA president James Christopher.

Other top speakers will include Dr. Elwood Thrippe, chairman of the London Institute of Advertising Relations; Charles Horn, ad director of the Los Angeles Examiner; Howard Benn, of the market research firm of Gould, Gliss & Benn; Dr. Lewis T. Bullock, who will talk on the "Adman and His Health;" Al Evenson, of the Arthur Anderson Co.; Kevin Sweeney, president of the Radio Advertising Bureau; Selig Seligman, general manager of KABC-TV.

Firemen's Fish Fry Scheduled Here for May 11

Plans have been completed and tickets are now on sale for the annual Firemen's Fish Fry, which will be held Saturday, May 11, at the O'Donnell Golf Course.

An event which is sold out long before the day of the outing, it will start this year at 7 p.m. Tickets will sell for \$2 each, and will benefit the Fireman's Relief Association.

Olsen Graduates From Boot Camp

Eugene M. Olsen, son of Mr. and Mrs. William Olsen of 1547 North Palm Canyon, Palm Springs graduated from recruit training March 30, at the Naval Training Center, Great Lakes, Ill.

The nine week of "Boot Camp" included drill and instruction in seamanship, gunnery, life saving, sea survival, boat handling, and the use of small arms.

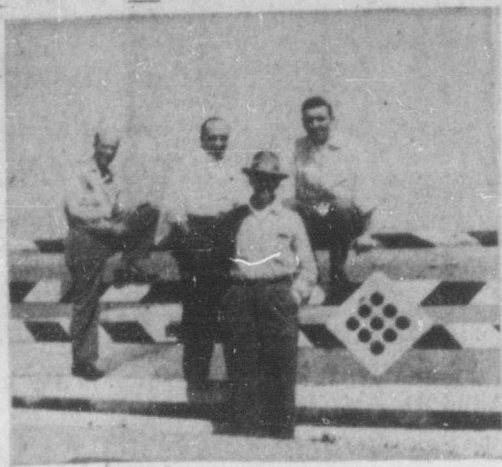

Following two weeks leave, graduates report to shipboard duties or service schools depending on the qualifications each has demonstrated.

THREE BROTHERS held a family reunion at the home of Mr. and Mrs. James O'Shea the past week, for the first time in 22 years. Visiting were the brothers, Dan and Bill O'Shea of Chicago, along with a nephew, William O'Shea, who is a member of the Chicago Police Department. The brothers had not seen each other for 22 years, until the reunion at Blue Skies Trailer Village.

Aspirin Said Leading Poison Substance for Children

children are poisoned by aspirin than any other substance.

The "harmless" white tablets, a familiar fixture in every medicine cabinet, send more than 100,000 toddlers to hospital emergency rooms each year.

They are responsible for more poisoning than lye ammonia, roach powder, cleaning fluids, shoe polish and laundry bleach combined.

THESE FACTS ARE well-known to doctors. They apparently are not so well known to parents, who persist in leaving bottles of aspirin on the shelf next to the tooth paste, within easy reach of small fry.

Doctors who attended the spring meeting of the American Academy of Pediatrics listed aspirin poisoning as one of the major remaining menaces to childhood health. Academy leaders urged all pediatricians and the press to join in a campaign to warn parents of the danger.

"IF YOU HAVE a child under four in your home," said Dr. Harold Jacobziner, assistant health commissioner of New York City, "you should treat aspirin like a deadly poison."

"Don't put it on the top shelf

of the medicine closet. Lock it up."

Jacobziner said small children seem to have a natural penchant for eating aspirin by the handful.

"THEY APPARENTLY like the taste of ordinary aspirin tablets which most adults find bitter, as well as the flavored aspirin which are put up especially for children," he said.

This dangerous appetite is whetted, the doctor continued, by parents who "foolishly tell a child that the aspirin the doctor has prescribed for him is 'candy.'"

"Never tell a child that any medicine is candy," he said, waving his finger under a reporter's nose. "Tell them it's medicine and the doctor said they should take just this much, no more."

Variance Board To Hold Three Public Hearings

Three public hearings are listed for the Friday agenda of the Palm Springs Variance Board.

First hearing, set for 2 p.m., is on application of Pearl M. McManus for a variance from the side yard setback ordinance provisions for building on property located on the southwest corner of South Palm Canyon Drive and Baristo Road.

At 2:15 p.m., the board will open hearing on application of F. Culver Nichols and Sally S. Nichols for a side yard setback variance permitting construction of a store building on the west side of North Palm Canyon Drive, between West El Alameda and Tamarisk Road.

The third hearing, set for 2:30 p.m., is on application of Mr. Fixit, Inc., for a front yard variance for a residence to be erected on the southeast corner of Bisnaga Avenue and Araby Drive.

City Sewerage Settling Ponds May be Moved

City Manager Robert W. Peterson reported to the city council this week that the city had received a letter from the Regional Water Control Board saying that the settling ponds for the city's sewerage disposal plant are in the Tahquitz flood channel.

Using an aerial photo of Palm Springs, Frank Hamerschlag, Director of public works for the city, showed councilmen the channel through this area and indicated that it may cut off the southwest corner of one of the ponds.

The city engineer said that he would make a full investigation of the situation and make a report to the council.

The Water Control board will hold a meeting in May at which time the situation will be discussed, but Hamerschlag has already recommended to the council that the ponds be moved.

Isaac Singer organized his sewing machine business in Boston with a capital of \$40.

RELAXING AFTER THE concert Sunday night, Alfred Wallenstein, right, and his wife Virginia, left, chat with Ruth Hardy at the Ingleside Inn. The Wallensteins are spending a few days in the Village, resting, before he completes his personal

appearance tour in California. His next stop is to be San Diego. Frequent visitors to Palm Springs, the couple do not hesitate to say that the resort is the "most beautiful and most ideally perfect place in the world." (Desert Sun Photo).

Loudspeaker Use on Drive Is Protested

The city administration has been asked to investigate the use of mobile loudspeakers along Palm Canyon Drive, calling people's attention to organization sponsored events in this community.

City Councilman Frank Miller pointed out to the administration that "it was not what they were doing, but the way they were doing it."

Miller said that the use of the systems is not objected to when the volume is too high, and bothers the guests in local hotels.

Attention to the matter was brought up after the past weekend when loudspeakers were used for both the Police Show and the Philharmonic concert.

AN URGENT APPEAL for the return of her sable collie was issued today by Betty A. Bell of 2220 Vista Del Mar Avenue, Hollywood, 28. The male dog answers to the name of "Baron," and the license attached to his chain collar has the number 68111. He disappeared here Feb. 23, and Miss Bell has been unable to trace him since that time.
